

Ferano Millwork

If you can design it, We can build it

- Residential
- Office
- **Commercial**

COMMERCIAL CUSTOM MILLWORK

We work closely with architects, interior designers and contractors to create custom millwork using the best materials, hardware and finishes. All work is done in Ferano Construction's state of the art millwork shop to produce the finest quality products. Ferano Millwork produces custom commercial cabinetry, paneling, elevator lobby panels and custom millwork for discriminating clients in the commercial and institutional sector.

If your architect or designer can design it, Ferano Millwork can build it.

Please call or email for a free quote

Custom Panelling and Elevator lobbies are a Ferano Millwork specialty.
