

Ferano Millwork

If you can design it, We can build it

OFFICE CUSTOM MILLWORK

We work closely with architects, interior designers and contractors to create custom millwork for your office using the best materials, hardware and finishes. All work is done in Ferano Construction's state of the art millwork plant to produce the finest quality products. Ferano Construction's Millwork Division produces reception desks, conference tables, office units, and paneling, for discriminating clients.

- Residential
- **Office**
- Commercial

Our custom millwork is produced by a skilled group of craftsmen... If you can design it, Ferano Construction's Millwork Division can build it.
