

Ferano Millwork

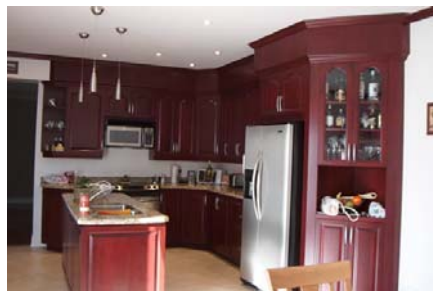

If you can design it, We can build it

- **Residential**
- Office
- Commercial

RESIDENTIAL CUSTOM MILLWORK

We work closely with architects, interior designers and builders to create custom millwork using the best materials, hardware and finishes. All work is done in Ferano Construction's state of the art millwork plant to produce the finest quality products. Ferano Construction's Millwork Division produces the custom residential cabinetry, home libraries and offices, entertainment units, paneling, and custom fireplace mantels to name a few for discriminating clients. The detail of fine custom millwork truly makes a home unique.

*Our custom millwork is produced by a skilled group of craftsmen...
If you can design it,
Ferano Construction's Millwork Division can build it.*
